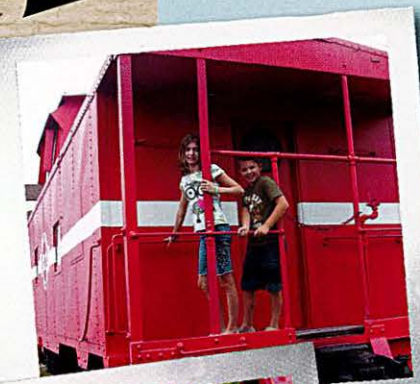
TOUR LAKE PLACID



Clowning Around

There may be only one museum dedicated to American Clowns and you'll find it in Lake Placid! At last count, more than 700 significant pieces of clown memorabilia are located within the walls of Toby's American Clown Museum and School.

You'll see clown clothing and art spanning the century. Many pieces of circus art are here, including a life-size hand carved carousel horse as well as a large collection of clown figurines.

There's a reason you'll find clowns everywhere. Our town is home to Toby's American Clown Museum and School. More than 1500 clowns have graduated from Toby's school and are now clowning in Lake Placid or their own home town.

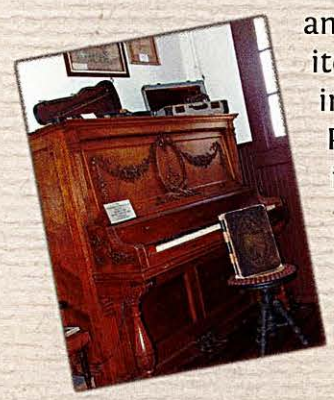
Lake Placid Historical Society

Step back in time at the Depot Museum located in the old Atlantic Coast Line depot in the heart of Lake Placid (National Register 1993). Discover railroad artifacts, period clothing, photographs and furniture. See items of historic importance to Lake Placid displayed in the 1927 train station personally designed by Melvil Dewey of Dewey Decimal System fame.



Outside the museum, tour the town jail from the 1920's or the authentic red caboose and don't miss the train mural.

The Lake Placid Historical Society is proud to promote, preserve, verify and record the history of Lake Placid.
